

**Where can I find bedding similar to PBteen
but in a queen size?**

I am looking to re do my room and was planning on getting a duvet or quilt from PBteen. However the price, as you may think, is not my problem. It is a gift for my 8th grade graduation. I would have gladly ordered something from pbteen but when i looked at the dimensions the largest option, full/queen, is too small. I currently have a 90 x 95 comforter. So I was hoping to get anything that resembles pbteen items but in atleast 90 x 95. (if its bigger that fine because i can always trim it smaller.) So if you know a site or store that has similar items it would help a lot!

Thanks!
